

WELCOME TO IT SLIGO!

Congratulations on your offer of a place at IT Sligo. I am delighted you have chosen to study here and look forward to welcoming you this September. We have a two day programme of events planned for you as part of our Student Induction (3rd & 4th September) to help you settle in and learn all about what IT Sligo has to offer. It is essential that you attend all activities of this induction schedule to make sure you don't miss out on any vital information.

See you soon!

Gerry Hegarty

Student Affairs Manager

ABOUT INDUCTION

As part of our student induction you and your classmates will join designated groups to:

- Get to know each other
- Find your way around
- Learn about the facilities and support services you can avail of
- Learn how to logon and access computers and WIFI
- Learn how to use library facilities
- Get to know the Students Union team

You will also meet all the key members of staff whose job it is to assist you during your time at IT Sligo.

WHERE DO I GO?

Find your group colour by looking for your course title on the timetable (next page), once you know your group colour you follow the timetable underneath. Each timetable activity has a letter/icon corresponding to a location on the map so you can easily find your way around.

WELCOME TALK

You will be welcomed to IT Sligo by the President Brendan Mc Cormack and senior academics. You will also meet our Support Services team. In an exciting new development to the Induction programme, you will also get the benefit of some top tips & advice from an IT Sligo graduate.

JUST ASK

Over the two days of Induction we have a team of student guides with coloured t-shirts saying "Ask Me" or "Here to Help", so if you have a question just ask for help.

New to Induction 2019 "Just Ask". A Student information point which will be situated on the main concourse during the two days of induction. Following on from induction it will be open for the first couple of weeks of Semester 1. Students will be able to pop along to "Just Ask" anything at all and will be pointed in the right direction.

YEATS LIBRARY ORIENTATION

In this session you will get:

- An introduction to the library services & staff
- A student led library tour
- Your IT Sligo student ID card

REGISTRATION QUERIES

You can register on-line using your IT Sligo Student ID number before attending Induction. This number is available on your introduction letter (starts with S). **Bring this id number with you to induction as you will need it to get your student card.** If you have any queries about your Registration, Fees and Grants use this session to ask our registration team any questions.

CAMPUS TOUR

You will be guided by one of our student helpers who will show you all around the campus, where the schools are located and where all facilities are.

IT SESSION

During this Session you will be shown how to login with your ID for the first time, how to access WIFI on campus, how to find Moodle, navigate the website and where the IT student's helpdesk is should you have any queries.

STUDENT PROFILER

The Student Profiler will give you a better understanding of your strengths and challenges starting out on your journey here at IT Sligo. It will highlight skills to support you in being successful in your studies and you will receive a report at the end of the session providing you with instant guidance.

MEET THE STUDENTS' UNION

In this session you'll be introduced to the Students' Union team and get the following:

- See what the Students' Union can do for you
- Find out what college is really about from attending class to night-life
- Info on the transition to 3rd level education
- Tips on how to survive college life
- FREE Fresher's Pack

COURSE TALKS

During these session's you will get to:

- Meet your lecturers
- Learn about the subjects you will be studying
- Find out when assignments are given and when exams take place
- Get your timetable
- Meet your classmates
- Learn about the transition from 2nd to 3rd level education
- Meet and chat to current students
- Find out where your lecture rooms are

If you are an Add-on or Transfer Student for Yr2-Yr4, there is a different 'Course Talk Session' organised for this group. (see schedule on next page)

SUPPORTS AND SERVICES

We will have all our support services team available on both days to chat to any students who want information on the supports available to them throughout the year. **It's recommended that all students visit this exhibition however it is particularly useful for students with:**

- Medical conditions
- Health difficulties
- Learning difficulties
- Disabilities
- International and Mature students

We will also have lots of external companies and services on campus with student offers and freebies that will be useful to your student life at IT Sligo

FOLLOW UP INDUCTION

Following on from Induction there will be "Follow Up" Induction Sessions available to students who may have missed the main 2 day event or who simply want to re-cap on information. Details of these will be circulated around the campus.
