

IT Sligo President's Bursary Fund 2013 Terms and Conditions

The bursaries will have two elements:

1. A maintenance grant of €7,500 p.a.
2. Tuition fees (currently €1,369 p.a.) will be paid by the Institute for all holders of student bursaries. Students are required to pay their registration fee. The registration fee for 2013-2014 is €2,500 p.a.

Total Annual Award: €8,869

A further allocation of money for consumables may be made, on a case-by-case basis, of up to €4k/a.

The award will be for 2 years. A third year will be awarded if the candidate successfully applies to transfer to the PhD register (applications normally made ca. 18 months into the research).

Postgraduate students funded under this scheme will be required to provide academic support for up to three hours per week.

Drawdown of the award is dependent on successful application to enter IT Sligo's postgraduate register. This is a separate process, and no guarantee of success can be given at the outset.

Should a President's Bursary awardee win an alternative grant during the life of the bursary, the bursary may be withdrawn.
