Recommendations	Response to recommendations
1. Amplify paragraph 2.2.2 (Volume 1) in the light of our discussion.	The proposed BA (Hons) in Fine Art ab initio degree offers a Fine Art educational experience that is unique in its broad spectrum up to Level 7 (an interdisciplinary approach) across the CU Alliance as its main focus is on the production of a Fine Art practitioner.
2. Given the varying profile of entrants of the Programme, every available facility including the canteen, to be used and developed as a point of integration.	Re-opening of canteen has been raised at School Management and is with HoS to progress
