### Audit of validation processes

- Updated on 16 Nov. 21
- Program is full time
- Module PHM07017 will remain as PHM07017
- AQA to close section only
- Audit of validation processes

---

### Assessment learning outcomes

- Assessed fairly and that there is no duplication in each semester of the programme will undergo a comprehensive review to ensure that the standards are consistent and the programme meets the requirements of the awarding body.

### Recommendation

All of the modules have been reviewed as per the validation report.

---

### Summary

- To review the assessment strategies in the system module.
- Remove of full-time students in the PHM07021 Quality Assurance
- Institute of Technology Sligo
