IT SLIGO GREEN CAMPUS

WHAT WE DO?

IT Sligo Green Campus is a student led initiative with the support of IT Sligo staff and management.

IT Sligo Green Campus has three goals:

- Minimise our environmental impact
- Embed sustainability in all we do
- Work with our local community for a sustainable future

GREEN WEEK

An Taisce Green Week is a national initiative to raise the status of sustainability, diversity and inclusion. It is for all our campus community.

IT Sligo and IT Sligo Green Campus are committed to sustainability and sustainable change.

HOW CAN I GET INVOLVED?

All our campus community can get involved.

Students, join our Green Campus committee and make a change. Teaching staff weave sustainability into your curriculum and we can all think sustainability in what we do each day. Want to know more, just ask... green-campus@itsligo.ie

Follow us on social media for updates on

Green Week and so much more...
